Webtoon and Manga

Re-editing

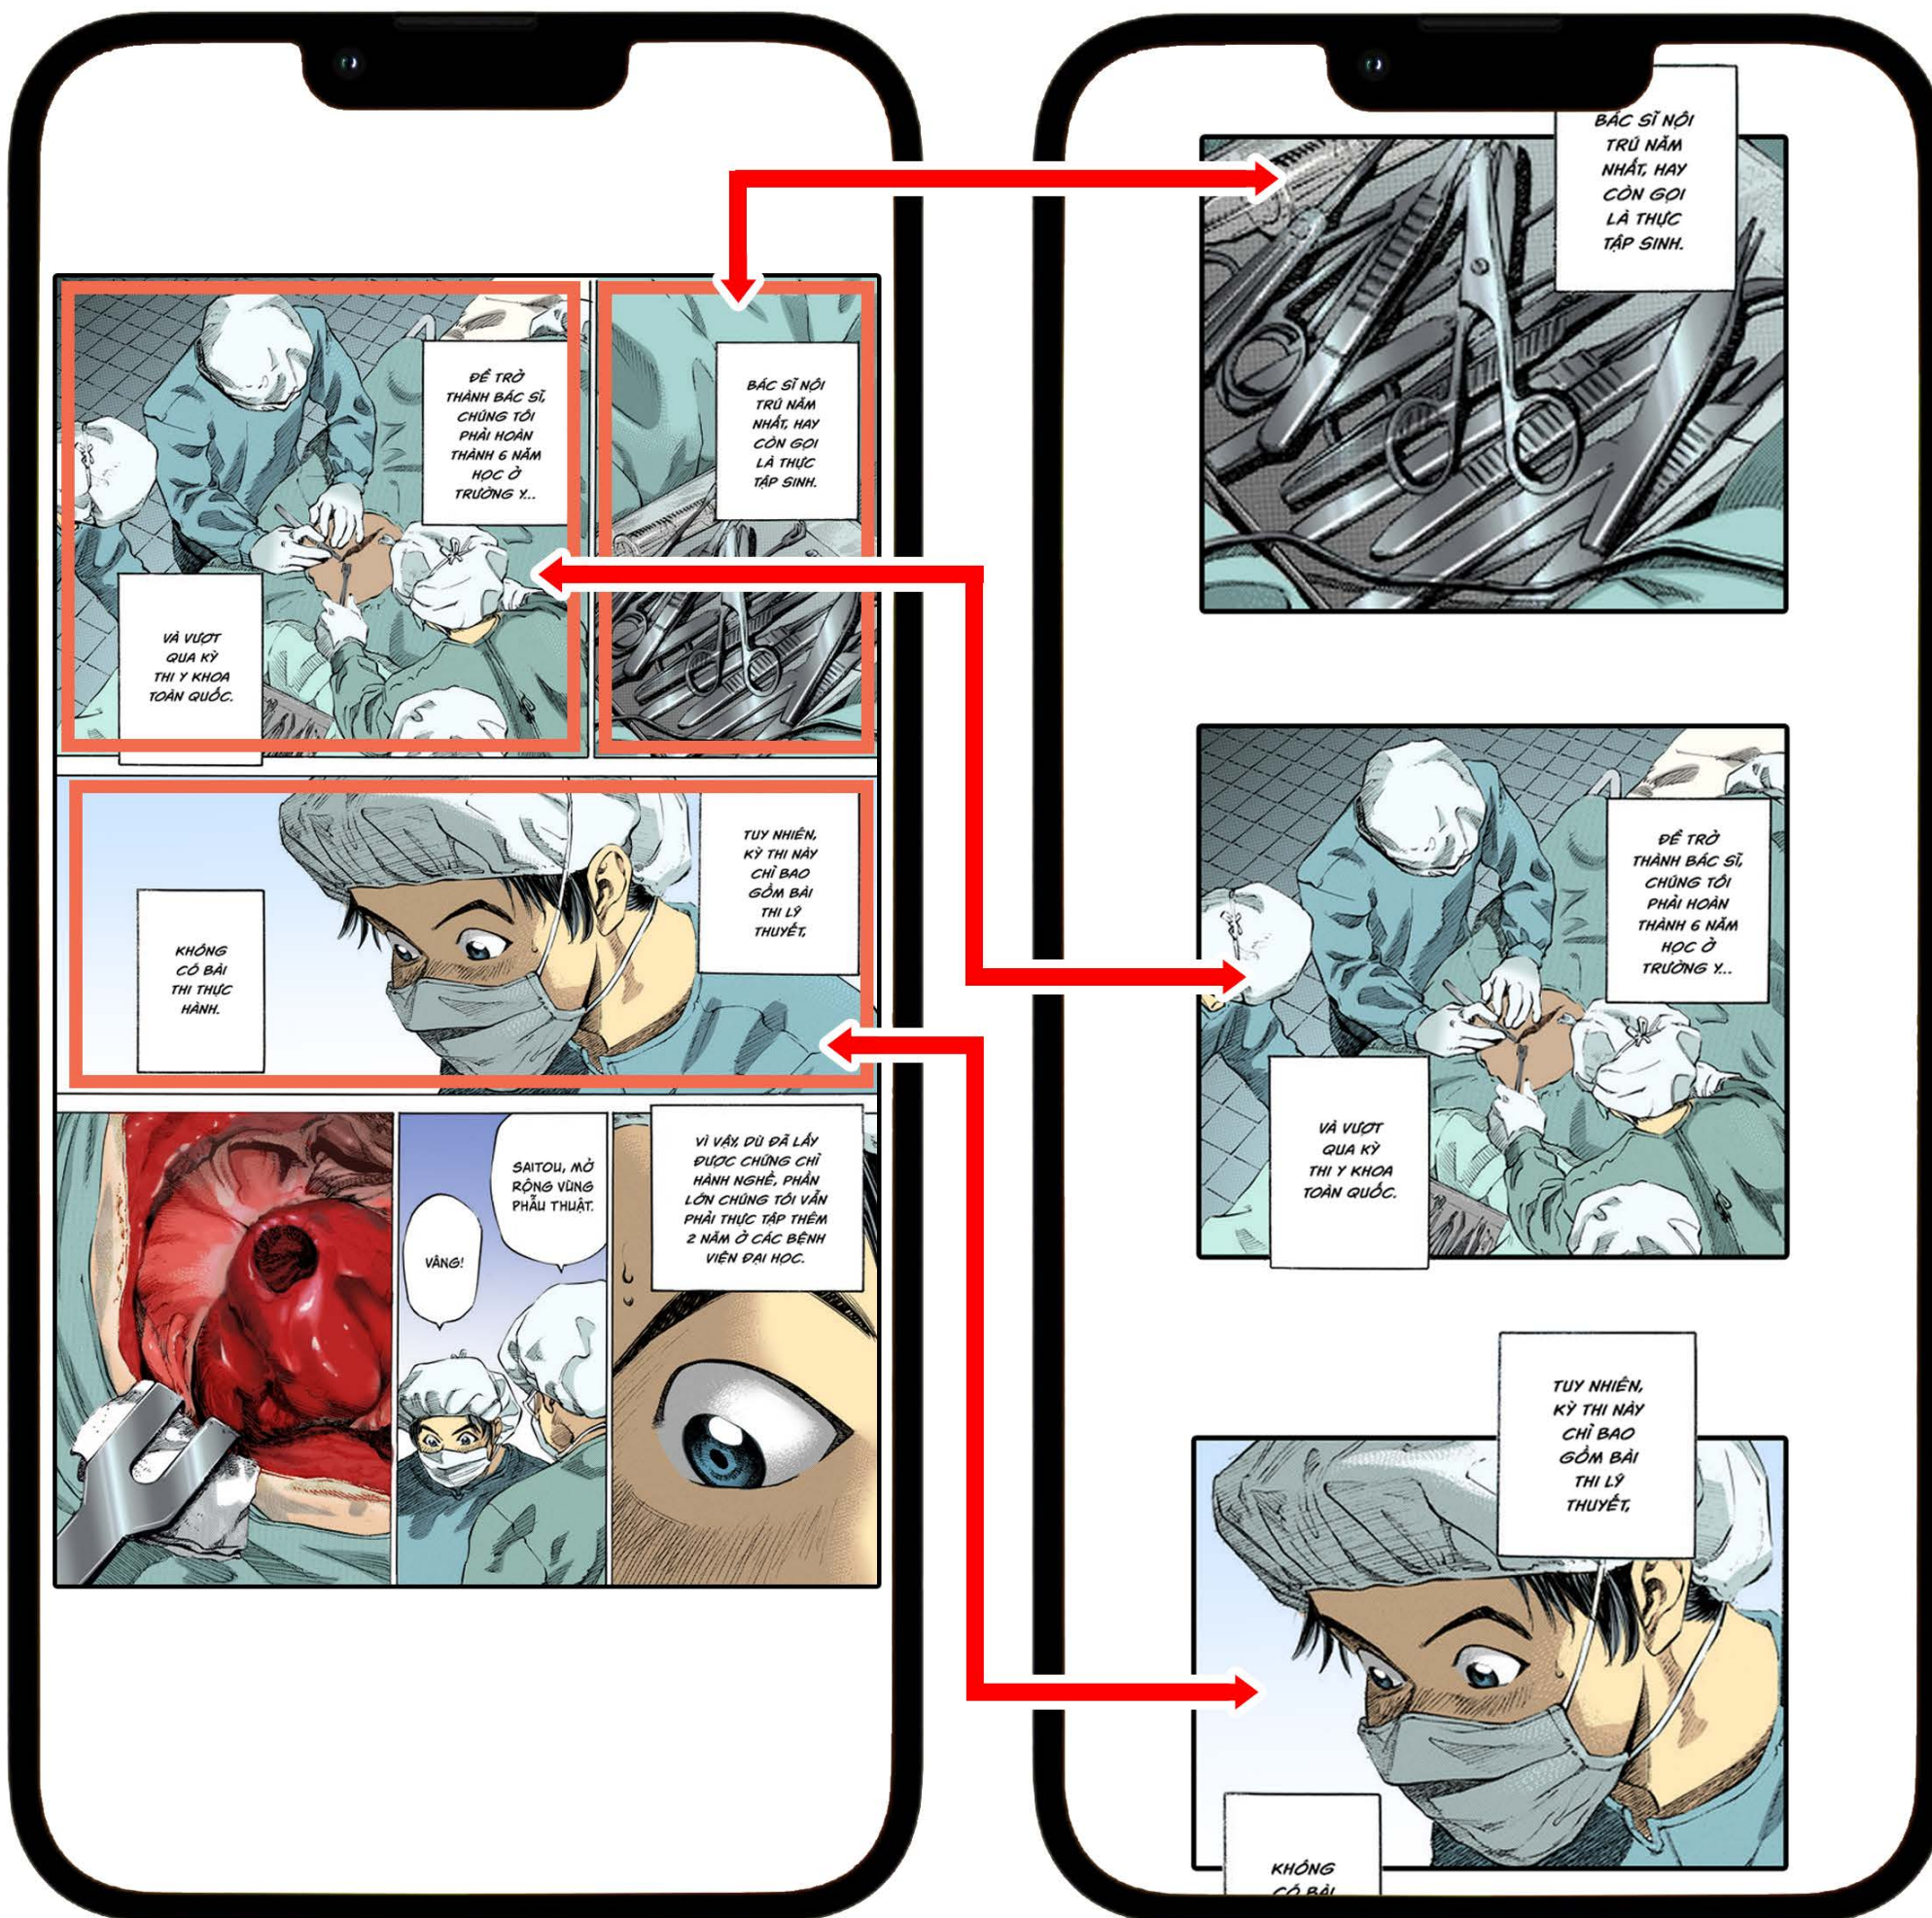

From Manga to Webtoon.

From webtoon to Manga.

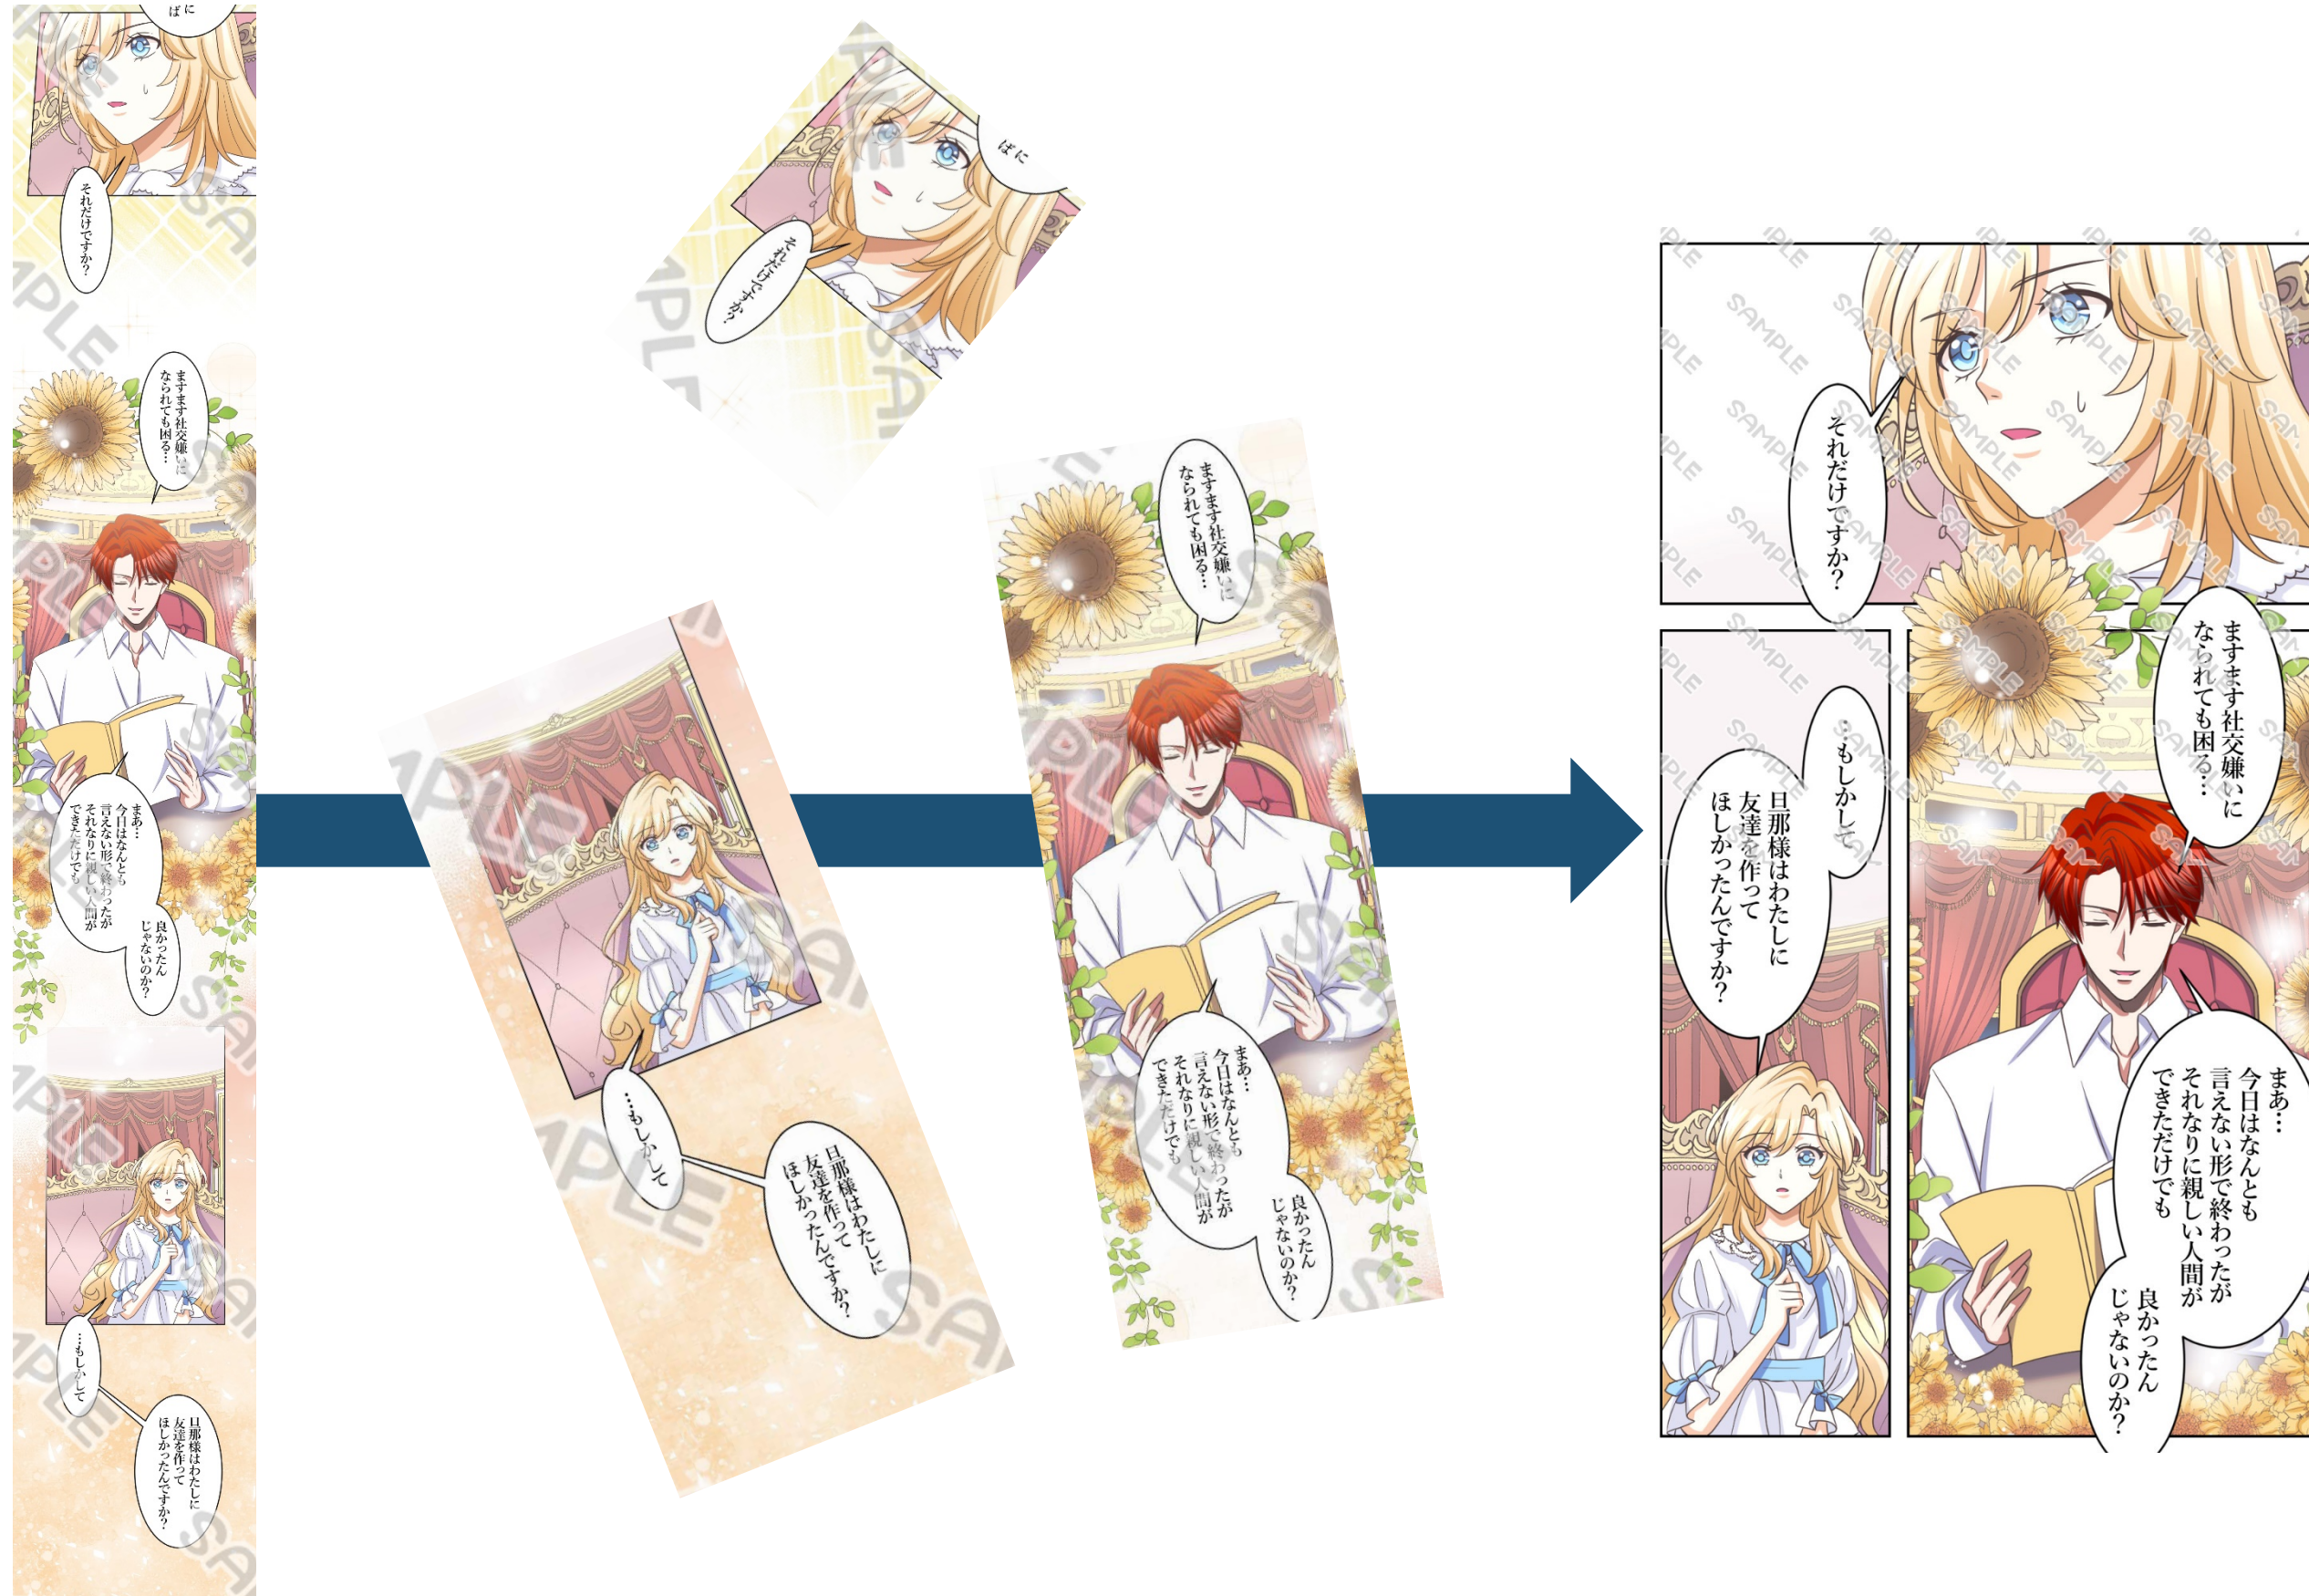

We help you expand your sales channels with high-

quality re-editing without sacrificing the appeal of

the original work.

[Re-editing Pattern (2)] Manga → Webtoon

Webtoon, which originated in Korea and is known as a vertically-read comic, is edited into the familiar Japanese-style spread manga.

The page layout, panel layout, and balloon positions are also adjusted to provide the charm of Webtoon and the density and readability of a print manga.

Illustration creation and coloring

We have experienced artists who can produce high-quality artwork for advertising, illustrations, concept art, Youtube videos, etc. upon request.

Monochrome originals can also be colored in many styles.

In addition, it can be handled in various styles such as fantasy, manga, and anime.

Film Comic product

What is Film Comic?

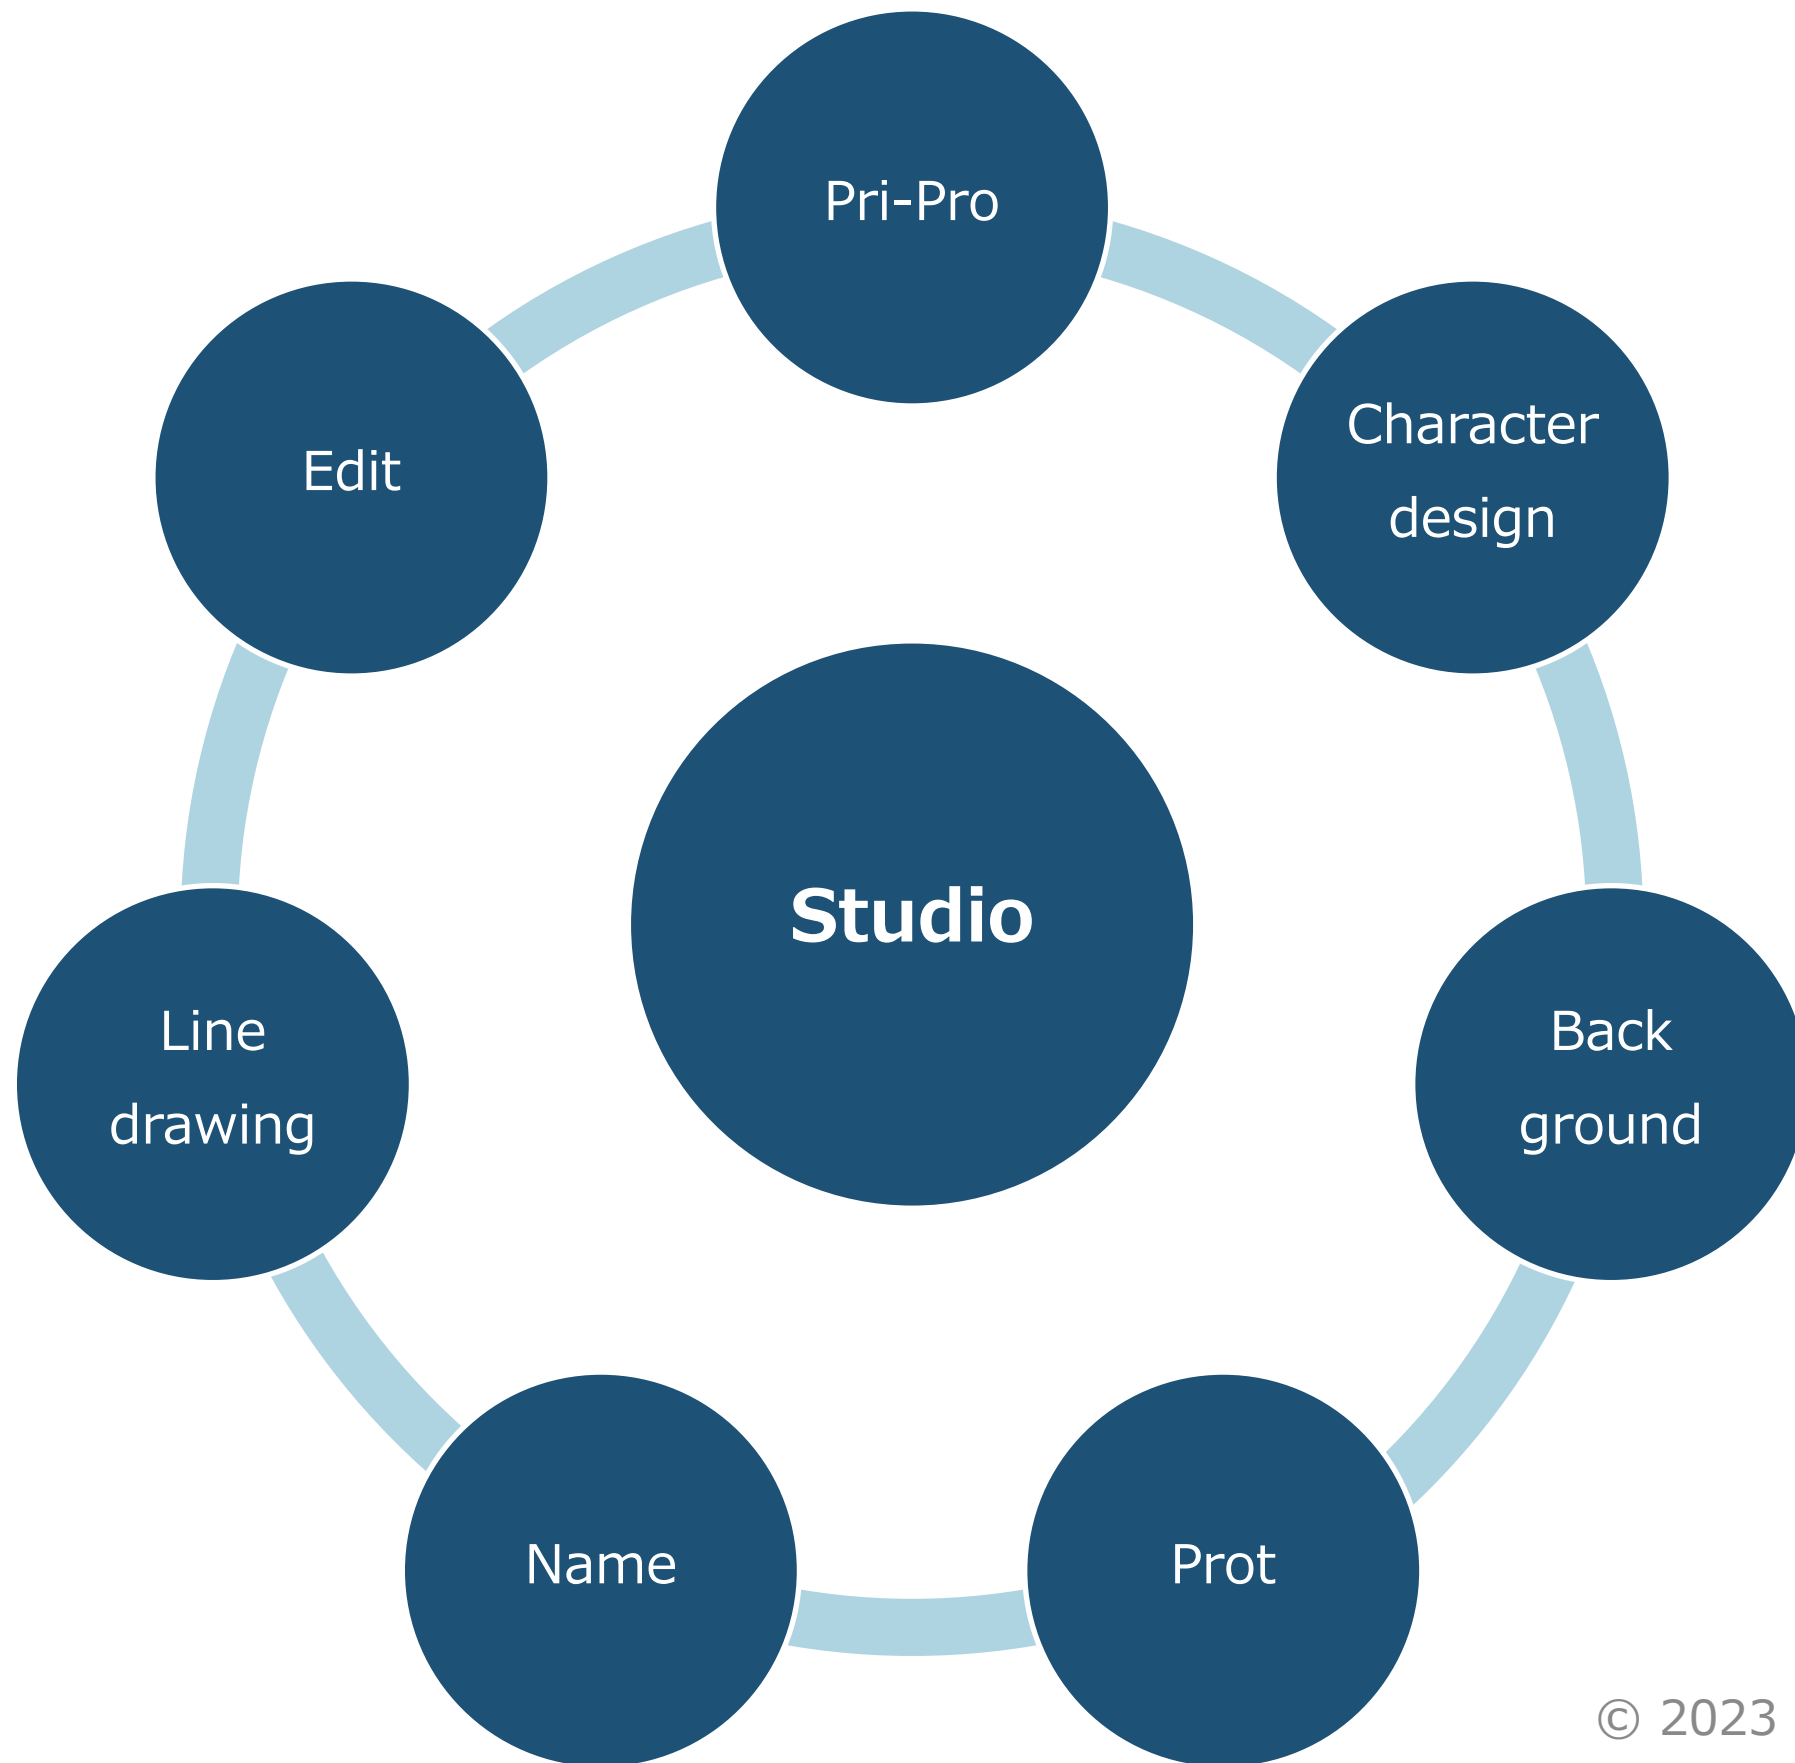

- Film Comic is a method of cutting still images from video works, mainly animated films, and arranging them like the panel layout of a comic book.
- This is a genre in which lines are inserted into speech bubbles and SFXs are used to create a visual work that can be enjoyed as if it were a manga.
- As one of the recent media mix trends, this is an effective method to derive manga from animation and movies.
